- All meals at rescue center and on site housing.
- Two day overnight trip to Tikal Mayan Temples (four meals, guided tour, one night in hotel inside national park, transportation. Does NOT include park entrance fee)

Minimum Equipment per student for practices:

- Stethoscope
- Three scrub tops (not brightly colored)
- Digital wrist watch
- Rubber boots
- Non sterile gloves for sized XS and XL (If allergic to latex bring your own - all sizes)

Minimum travel equipment:

- Flashlight (head mounted is better)
- Work clothes
- Comfortable footwear
- Sun block
- Mosquito repellent
- At least two pairs of long pants
- Towel
- Personal toiletries

If you are in **CLINICAL ROTATIONS** and would like to come together with your study group, we can work a tailored date, or if you have 6 or more participants coming at the same time.

**WILDLIFE MEDICINE AND CONSERVATION COURSE
2019
PETEN, GUATEMALA**

Should know:

- Flores (Local capital city) has internet access, supermarkets and ATMs (Maestro cards are not reliable to work, Visa and MasterCard are recommended).
- Bed linen and pillows are provided.
- Purified water is readily available at the Rescue Centre.
- 110V electricity, type A and Type B function normally.
- If you want to make an extra donation of supplies to the Rescue Centre, please ask for our wishlist.

We recommend that you extend your stay as a volunteer. If you come before the course it will give you time to adapt to the climate and routine, and if you stay after the course it will give you a chance to put in practice what you have learned. Please ask about pricing.
